

20. REFERENCE: Section L, Part 2, Table B – Instructions, Conditions and Notices to Offerors

QUESTION: The referenced section appears to only require a lump sum price for CLIN 0001 and a lump sum price for CLIN 0002. Please confirm that the detailing for each CLIN price is not required.

ANSWER: *Please review RFP Section L concerning what is required in submitting a price proposal and the above Section 2 that addressed the amended portion of Section L.*

21. REFERENCE: Section L – Instructions, Conditions and Notices to Offerors; Attachment J.1.A – KSC Construction Deliverable Documentation Incidental to Contract Administration.

QUESTION: “PRICE VOLUME – PART 2 INSTRUCTIONS” part a.(a) of Section L requires the offeror to submit a detailed safety and occupational health plan as part of its proposal. Part J.1.A.10 of Attachment J.1.A requires a site specific safety and health plan be submitted prior to the start of work. Please confirm that the safety and occupational health plan submitted per Section L as part of the proposal will also satisfy the requirement for the Section J safety and health plan.

ANSWER: *The Safety & Health plan submitted with your offer may satisfy the requirement of Section J, if it contains all the necessary site/job specific information required to be considered proper and approved. Once Notice of Contract Award is made, if the contractor selected for award’s Safety & Health plan is not approved for use, the notice to proceed shall be withheld until the Safety & Health plan conforms. The approved Safety & Health Plan will be incorporated into the resultant contract by contract modification.*

22. REFERENCE: RFP, Section L(a)(1)

QUESTION: Was Subsection (a)(1)(vi) intentionally omitted?

ANSWER: *There is a numbering error in this section; the information requested is complete regardless of this numbering error.*

23. REFERENCE: RFP, Section L, Part 1(a), Subsection (xiv)

QUESTION: Are copies of certificates counted against the five-page limit for each past performance description?

ANSWER: *Yes, the copies of certificates are counted against the page limitation.*
